

What do you get when you take one fire truck, two tables, a rock band and a barbecue? A great sunglass-selling event with a fund-raising element. The Las Vegas Wal-Mart Vision Centers and SAM'S CLUB Optical's jointly held a SunRx® "Do It Yourself" event. By getting creative and capitalizing on the fun and energy of employees, this event did more than educate consumers and sell eyewear—it proved that their stores are part of a community that cares. They raised money for Tsunami relief with ice cream floats and a barbecue, displayed SunRx sunglasses, had games for kids and adults and best of all, they had a great time doing it.

Congratulations Las Vegas! The results of their efforts were terrific - \$1,400 raised for Tsunami relief and 6 pairs of polarized sunwear sold.

You can do it too! Just call the toll free number below, and we'll rush you a package filled with supplies, giveaways, and all the instructions you need to organize and execute your very own event.

**Call 1-800-328-3449
today!**
